A BILL

To establish a commission to review certain regulatory obstacles to preparedness for, response to, and recovery from the COVID–19 pandemic and other pandemics, and for other purposes.

- 1 *Be it enacted by the Senate and House of Representa-*
- 2 *tives of the United States of America in Congress assembled,*
- 3 **SECTION 1. SHORT TITLE; TABLE OF CONTENTS.**
- 4 (a) SHORT TITLE.—This Act may be cited as the
- 5 “Pandemic Preparedness, Response, and Recovery Act of
- 6 2021”.

1 (b) TABLE OF CONTENTS.—The table of contents for
2 this Act is as follows:

See. 1. Short title; table of contents.
Sec. 2. Findings.
Sec. 3. Definitions.
Sec. 4. Establishment of Commission.
Sec. 5. Duties of the Commission.
Sec. 6. Powers of the Commission.
Sec. 7. Commission personnel matters.
Sec. 8. Termination of the Commission.
Sec. 9. Authorization of appropriations.

3 **SEC. 2. FINDINGS.**

4 Congress finds that:

5 (1) Federal regulation serves important goals
6 and has achieved important objectives. The accumula-
7 tion of Federal regulations over the decades, how-
8 ever, is of concern. The Code of Federal Regulations
9 currently contains over 180,000 pages of regula-
10 tions, many of which may be outdated, no longer
11 needed, or duplicative.

12 (2) Unneeded or inefficient regulation reduces
13 the ability of United States employers and workers
14 to generate and obtain more jobs and higher wages.
15 It also increases the expenses of United States
16 households and hinders the overall performance and
17 competitiveness of the United States economy in the
18 global marketplace.

19 (3) Unneeded or inefficient regulation is par-
20 ticularly problematic as United States employers,

1 workers, and households continue to respond to and
2 seek to recover from the COVID–19 pandemic.

3 (4) A timely and prioritized review of existing
4 regulations to identify those that can and should be
5 modified, consolidated, harmonized, or repealed to
6 promote higher jobs and wages, reduce household ex-
7 penses, and improve economic performance and com-
8 petitiveness in and by the United States is needed.

9 (5) Such a review, moreover, is needed to accel-
10 erate and strengthen the recovery of United States
11 employers, workers, and households from the
12 COVID–19 pandemic and ensure that Federal regu-
13 lations do not inhibit or impede preparedness for
14 and effective responses to future pandemics.

15 (6) The establishment of an expert commission,
16 charged to conduct such a review and recommend to
17 Congress legislation to effectuate a prioritized set of
18 regulatory modifications, consolidations, harmoni-
19 zations, and repeals, can ensure that such a review
20 will be completed in the timeliest possible way.

21 (7) In light of the adverse impacts of and cir-
22 cumstances caused by the COVID–19 pandemic, it
23 is particularly important that such a commission
24 prioritize in its review the elimination of regulatory
25 obstacles to the United States, the several States,

1 and the people's preparedness for, response to, and
2 recovery from the health and economic effects of the
3 COVID–19 pandemic and possible future pandemics,
4 for example, regulations that—

5 (A) impeded preparedness for or response
6 to the COVID–19 pandemic, including those
7 that were suspended or for which enforcement
8 was waived after the outbreak of the pandemic
9 under the authority of Executive Order 13924
10 (85 Fed. Reg. 31353; relating to regulatory re-
11 lief to support economic recovery) or any other
12 authority;

13 (B) could impede preparedness for or re-
14 sponse to a future pandemic;

15 (C) otherwise impeded or could impede
16 health, economic performance, or the stability
17 of wages or employment during the COVID–19
18 pandemic or a future pandemic, including those
19 that were suspended or for which enforcement
20 was waived after the outbreak of the pandemic
21 under the authority of Executive Order 13924
22 (85 Fed. Reg. 31353; relating to regulatory re-
23 lief to support economic recovery) or any other
24 authority; and

(D) impede or could impede the recovery of health, economic performance, or wages or employment following the COVID–19 pandemic or a future pandemic, with a particular emphasis on impediments to recovery by persons infected by COVID–19 or a future pandemic disease, individuals or entities that supported or support those persons, and entities that qualify as small entities within the meaning of section 601 of title 5, United States Code, and those entities' employees, contractors, or investors, including by impeding—

(i) access to health care or health care equipment or supplies;

(ii) access to employment;

(iii) access to public or private assist-
;:

(iv) consumer or business spending,
investment, or access to capital or credit;

(v) other consumer or business activities including hiring and education or retraining.
